DONJON TUGS DELIVER DS&R BARGE TO LIBERTY STATE PARK

Jersey City, NJ — Donjon Marine Co., LLC tugs Casey Ann, Douglas J., and J. Arnold Witte delivered a 200-ft. by 50-ft. floating dock built by Donjon Shipbuilding & Repair (DS&R) in Erie, Pennsylvania which was part of a ribbon-cutting ceremony for the updated ferry terminal at Liberty State Park in Jersey City, New Jersey this past Tuesday.

The storm-resistant floating dock is part of a multi-million-dollar renovation and expansion of the terminal. It replaces the park's former barge that was rendered inoperable six years ago during a winter storm.
